

EERA: ECER 2009 Podcasts

VETNET and Pontydysgu did a series of Video and Audiopodcasts of ECER 2009 and interviewed delegates, keynotespeakers and EERA officials. The aim of the small project was to provide a video and audio archive of the conference but also to explore the use of new technologies to open up the ideas from the conference to a wider audience.

Over the next week further videos and audio recordings will be posted to this page . In the meantime here is an initial selection ...
